

Requirements in Applying for Service Connection

Written by Arlene V. Hepiga

Cotabato Light believes that its customers are entitled to information that will help them avail of quality services conveniently, as well as show them how to get the best value out of electric power. This Primer provides answers to the questions that prospective and current customers most often ask, including information on Cotabato Light policies, systems and procedures.

BEFORE APPLYING, please make sure that your electrician has completed installing your electrical service entrance. The service entrance is the wiring installation from your main safety switch or circuit breaker (more commonly called the fuse box), to the point of connection to the Cotabato Light service wire.

IMPORTANT REMINDER! An applicant must provide the following requirements herein indicated to establish proofs of identity and/or authority of the person signing the contract in applying for service connection.

REQUIREMENTS IN APPLYING FOR SERVICE CONNECTION

1. Documents to establish the identity of the Applicant.
